

Section 1.3: Graphs

Tuesday, January 9, 2018 4:04 PM

graphs are a visual way to summarize a data set

for categorical data from a qualitative variable,

- can use
- pie charts
 - bar charts
 - pictographs

← when you use a picture or pictures to represent data

for quantitative data, can use :

univariate data :

- pie charts
- bar charts
- dot plots
- stem & leaf
- histograms

← we will look at in detail

bivariate data :

- line charts
- scatter plots
